To whom it may concern,

Through this document, we intend to express our recommendation for Javier Ruiz Diaz, who held the position of Data Analyst at Inisoft Global for six months in the year 2023.

During his tenure with our company, Javier demonstrated outstanding performance in technical tasks such as metadata management, data documentation and inventory, data quality assessment, ETL processes, and data governance, among other responsibilities.

It is worth noting that Javier not only dedicated himself solidly to his specific technical tasks but also exhibited strong ethical and collaborative work in his interactions with colleagues, aiming to achieve team objectives and optimal performance.

At Inisoft, we assure you that Javier Ruiz Diaz is a candidate who will always meet his commitments and responsibilities for the position to which he is assigned.

If any additional information is required, please do not hesitate to contact us.

Sincerely,

Celeste Amichetti
Chief Operations Officer
Inisoft Global
